Re: Bid 6016 - Purchase of Public Safety Vehicles
(Fort Wayne Police Department)

Dear Council Members:

The vehicles we are seeking are to replace a portion of a fleet of vehicles that will be taken out of service this year. They are high mileage vehicles, some damaged with floor boards rusted through, some in need of continuous repair that exceeds the value of the vehicles.

The new vehicles will allow the Fort Wayne Police Department to replace most of these vehicles, and allow the Department to move some much needed vehicles into other areas of the Department for use.

In this package, there are a number of items for your review:

- 20 - Full size police pursuit vehicles for patrol use to replace some of the high mileage vehicles in our fleet.
- 25 - Compact size police unmarked vehicles for non-patrol use; i.e., Investigative Division and Administrative Division.
- 6 - Mid-size unmarked vehicles. These vehicles will be given to the Fire and Communications Departments to replace the full size vehicles that will be forwarded to the Police Department to become patrol vehicles.
- 2 - Vans will be used by the Department's Crime Scene Unit. They will replace some of the older model vehicles that cannot be repaired or cost exceeds the value of the vehicle itself.

Accredited by the Commission on Accreditation for Law Enforcement Agencies, Inc.

Fort Wayne City Council
April 7, 1993
Page 2

- 20 - Unitrols sirens and control box to replace old and worn siren units for which parts can no longer be obtained and recommended by our radio shop.
- 18 - Streethawk light bars to replace the older model light bars we now use which require excess repair as stated by our garage.
- 2 - MX7000 light bars with arrow to add to our Traffic fleet for safe and more effective traffic control. The arrow warns oncoming traffic to use caution and change lanes blocks before traffic comes to a stop.

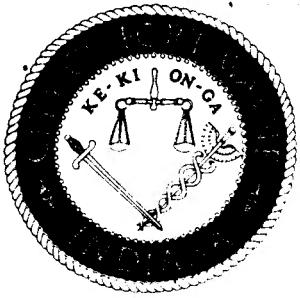

These are much needed items and will improve our fleet.

Sincerely,

Neil Moore
Chief of Police

Re: Bid 6016 Purchase of Miscellaneous Vehicles.

Dear Council Members:

These vehicles are being purchased for the Fort Wayne Fire Department Staff and Fire Prevention Bureau. Currently, most of the vehicles operated by the Fort Wayne Fire Department are of a 1981 or 1983 vintage and have in excess of 100,000 miles.

The Fort Wayne Fire Department does maintain a small fleet of 1991 Caprices. These vehicle will be handed over to the Fort Wayne Police Department for conversions into squad cars.

The new vehicles will allow the Fort Wayne Fire Department to continue with daily business and reduce the maintenance costs we are currently experiencing with the older style vehicles.

In this package there are three different types of vehicles. The first is a 4 X 4 utility truck. This vehicle will be used by the combat supervisors. They will serve as primary emergency response vehicles and will be identified as such. The second group of vehicles being purchased are mid-sized autos. These vehicle will replace the full-size autos being forwarded to the Police Department to become squad cars. These vehicles will be driven by those staff personnel who are called in after hours for various reasons.

The third group of vehicles are compact vehicles. These vehicles will be driven during normal business hours and will be driven by Fire Prevention these staff personnel are not called in after hours very often.

April 2, 1993
Letter to Council
Re: Vehicle Purchase

All vehicles will be operating under MO plates and will be identified as being used by F.W.F.D.

The current vehicles used by the District Chiefs will be converted into med-cars and placed in those stations that can best utilize them. These vehicles also currently have the snow-blades that are used by the department during the winter season for the removal of snow from Fire Department properties.

Most of old vehicles currently being used by staff at Fire Prevention Bureau will be retired and sold at auction. A couple of the vehicles will be held in reserve for spare vehicles in the event a front line vehicle requires service or repair.

The Fort Wayne Fire Department will keep its fleet of vehicles as limited as possible.

Very Truly Yours,

Steven C. Hinton
Assistant Chief
Fort Wayne Fire Department

DIGEST SHEET

TITLE OF ORDINANCE: Special

DEPARTMENT REQUESTING ORDINANCE: Purchasing

SYNOPSIS OF ORDINANCE: An ordinance approving a partial award of I.T.B. #6016 for the purchase of vehicles and appurtenances for the Division of Public Safety.

IF NOT LOWEST, WHO WAS AND WHY WERE THEY NOT AWARDED:

EFFECT OF PASSAGE: These vehicles will be used to replace existing ones that have mileage of over 100,000 and are costly to maintain. Sirens and light bars are needed for emergency runs.

IF REPLACEMENT, WHAT NECESSITATES: See above statement.

EFFECT ON NON-PASSAGE: Current vehicles will continue to be repaired at great cost to the public and employees will have to drive vehicles that are unsafe. Without sirens and light bars emergency equipment would not be operational.

PRIOR APPROVAL REQUESTED: No DATE:

MONIES INVOLVED:	Tom Wood Pontiac	\$ 88,938.00
	Ray O'Herron	\$ 23,810.00

PRICE AGREEMENT: PURCHASE ORDER: Yes
